SECTION ONE

INTRODUCTION

Welcome to the New York State Board of Elections' Handbook of Instructions for campaign financial disclosure. This handbook contains all necessary information and instructions required to enable candidates and committees to comply with the financial disclosure requirements in Article 14 of the New York State Election law and in Part 6200 of the Board's Rules and Regulations.

Committees or candidates that are required to file disclosure statements with the State Board of Elections must file all such statements electronically if they raise or spend or expect to raise or spend more than \$1,000 in any calendar year. The computer software necessary to comply with this requirement, as well as installation and use instructions, are available from the State Board of Elections. All other filers should continue to use the paper forms, which are available from the State Board and county boards. Please be aware that you must use the forms and electronic filing format prescribed by the State Board. If you want to use supplemental schedules or a different format, you must obtain prior approval from the State Board.

This handbook of instructions is intended to be a useful guide for both electronic and paper filers. If you have any problems or questions not resolved by reading this handbook you may call us at 1-800-458-3453 or (518) 474-8200. If you have technical questions concerning electronic filing, you may call (518) 473-4803 or send e-mail inquiries to efshelp@elections.state.ny.us. Also, you may contact your county board of elections by consulting the government pages of your telephone book.

Finally, the State Board has issued formal opinions periodically concerning financial disclosure and other Election Law questions. You can obtain these opinions and other information concerning the Election Law by visiting the Board's web site, at www.elections.state.ny.us.

Filing Electronically with the New York State Board of Elections

It is important to make sure you are using the most recent version of the NYSBOE EFS Software. At this printing the most recent version is EFS V3.0.

Version 3.0 incorporates the use of a PIN to authenticate your filing, thus eliminating the need to file a Verification Statement. The PIN is asked for each time you open the software and it is very important that the correct eight digit PIN is entered.

In addition to Eliminating the need for a Certification Statement, The use of a PIN facilitates the ability to send your filing via email. To file by email you simply need to do the following.

1. From within the EFSv3.0 software you select [File > File Disclosure Statement] from the drop down menu and follow the prompts for saving your filing to disk.
2. Select [File > Send Statement by Email. This will launch your default email program.
3. Attach your file created in step1 to the email.
4. Send your email with attached file.

Alternatively, after completing step 1, you can just open your email program, attach the file, and send it to efsfiling@elections.state.ny.us.

Whichever way you choose to mail your filing Make sure you ATTACH your file.

You can obtain the latest version of the EFS software at the following web address:

<http://www.elections.state.ny.us/finance/fdismenu.htm>

Click on the link that says download software. If your browser gives you the choice of **Open or Save**, You can select Open and follow the installation instructions. If your browser Only gives you the **Save** option, you can save the setup files to your hard drive. Then use your Windows explorer to locate and run the setup.exe file in the directory where you saved the software.

If you don't have access to the Internet, You can call (518) 474-8200 to request the software on CD. If the CD does not start automatically when inserted, use Windows explorer to locate and run the setup.exe file located on the CD.

To request a CD or to obtain the **PIN** for your committee(s) contact the Campaign Finance Unit at (518) 474-8200.

For help with technical questions related to the EFS software you can contact the Information Technology Help Desk at (518) 473-4803 or contact the Help Desk by email at efshelp@elections.state.ny.us. The user guide is also available from the web address listed above, as well as from the Help menu in the EFS v3.0 software.

I. Explanations/Glossary

To begin your understanding of the disclosure requirements it is important to know some key definitions.

Candidate means any individual who seeks to be nominated or elected to public office or party position. An individual shall be deemed to be a candidate if (1) action was taken to qualify for nomination or election or (2) monies were raised or expended by the individual or any agent in order to bring about such nomination or election to such office or position.

Political Committee means any combination of one or more persons that raises and spends money to advocate the success or defeat of any ballot proposal or any candidate for election or nomination to public office or party position.

Political Action Committee (PAC) although not defined in the New York State Election Law, a PAC is considered to be **any political committee that supports candidates or other political committees by making contributions only; i.e., PAC's do not make direct expenditures on behalf of Candidates.**

Constituted Committee is a state party committee or a county party committee wherein the committee members are elected to their position.

Duly constituted sub-committee of a county committee means, outside the city of New York, a city, town or village committee, which consists of all county committee members from that city, town or village as the case may be, and only such members. Within the city of New York, an Assembly district committee, which consists of all county committee members from that assembly district, and only such members.

Party Committee is any committee provided for in the rules of the political party other than a Constituted committee (committee members are generally appointed).

Housekeeping Expenditures are expenditures made by a Party or Constituted committee to maintain a permanent party headquarters and staff and carry on ordinary party activities not promoting the candidacy of specific candidates. Funds initially raised for campaign activity may be used for housekeeping expenses.

Contribution

- (1) Any gift, subscription, outstanding loan, advance, or deposit of money or anything of value, made in connection with the nomination or election of any candidate.
- (2) Any funds received by a political committee from another political committee to the extent such funds do not constitute a transfer (see definition of transfer, page 3).
- (3) Any payment, by any person other than a candidate or a political committee authorized by the candidate, made in connection with the nomination or election of that candidate. This includes but is not limited to the compensation for personal services of an individual which are rendered without charge in support of the candidate's nomination or election. None of the foregoing shall be deemed a contribution if it is made or performed by a candidate or spouse or by an individual or political committee INDEPENDENT of the candidate and the candidate's agents or authorized political committee.

NOTE: "independent" means that the candidate, his/her agent or authorized political committee, did not authorize, request, suggest, foster or cooperate in any such activity.

Unitemized Contributions - Whenever any contributor makes a contribution to a campaign, the name, address, date, check number, and amount must be detailed on one of the contribution schedules, unless the contributor has not exceeded \$99.00 for the campaign. In that case, simply **include the amount of the contribution in the unitemized total section of the schedule.**

The following ARE NOT contributions:

- ✓ the value of services provided without compensation by individuals who volunteer all or a portion of their time on behalf of a candidate or political committee.
- ✓ the use of real or personal property and the cost of invitations, food and beverages voluntarily provided by an individual to a candidate on the individual's personal residential premises for candidate-related activities to the extent such services do not exceed five hundred dollars in value.
- ✓ the travel expenses of any individual who on his/her own behalf, volunteers his/her personal services to any candidate or political committee to the extent such services are reimbursed and do not exceed five hundred dollars in value.

Transfer - the exchange of funds or anything of value between a Party or Constituted committee and a candidate or any of his/her authorized committees(e.g. Type 1 transfer - NYS Republican State comm to Friends of Smith or vice versa) OR two committees SOLELY supporting the same candidate (e.g. Type 2 transfer - Friends of Vincent Smith to Citizens for Vincent Smith). Transfers are not contributions and are not subject to contribution limits.

Unitemized Expenditures - Whenever any **individual** expenditure exceeds \$49.99, you must provide on Schedule F the date, check number, name and address of the payee, the amount and purpose. For expenditures less than \$50.00, you would simply include the amount in the unitemized expenditure total box on Schedule F. Whenever you write a check for several expenditures originally made by an individual or by a charge to your credit card, you must disclose the detail for each expenditure that was over \$49.99 as previously mentioned. **This can be done as memo entries on the schedule or in an attachment.** (See Schedule F instructions pages 34-39)

Identification Number - The State Board of Elections and some local boards of elections assign ID numbers to candidates and committees. Any time you file anything with a board, you must ensure that the ID number (if one was assigned by that board), is on the document being filed.

II. What must be filed?

All candidates and political committees are required to file statements which disclose their receipts and disbursements in connection with their support or opposition to candidates or ballot proposals.

A. Committee Filings

Candidate and Party Committees must file the following:

1. Committee Designation of Treasurer and Depository (CF-02)*
2. Committee Statement of Authorization/Non-Authorization By Candidates (CF-03)
3. Financial Disclosure Statements CF-01 (Itemized or In-Lieu-of)**
4. Treasurers filing electronically will be required to submit a statement verifying the truth and accuracy of the information contained in their reports. This verification statement(CF-18) will need to be submitted with each report. This includes amended reports as well.

* EXCEPTIONS: The Committee Designation of Treasurer and Depository is not required to be filed by a Constituted Committee. The Committee Statement of Authorization/Non-Authorization is not required to be filed by a committee that only makes contributions.

** You qualify to file an In-Lieu-of Statement if you are a candidate or the Treasurer of an authorized committee that supports a single candidate and if, at the close of the reporting period for which such statement would be required, neither the total receipts nor the total expenditures of the campaign have exceeded \$1,000.

B. PACs

All PACs must file the Committee Designation of Treasurer and Depository (CF-02) and Financial Disclosure Statements (CF-01).

C. Candidates

Candidates who run their own campaigns are required to file Financial Disclosure Statements CF-01 (Itemized or In-Lieu-of)*

Candidates who have an authorized committee, and who do not raise or spend money themselves (except through the committee), need only file a Candidate Committee Authorization and Non-Expenditure Statement (CF-16). This statement names the candidate's authorized committee that will file the financial disclosure statements on the candidate's behalf. If the named treasurer does not file any documents which would indicate that he/she has accepted the responsibility for filing the financial reports, then that responsibility remains with the candidate.

NOTE: Electronic filers that had no transactions for the report period will file a verification statement checking the "No Activity" box. Paper filers that had no transactions will complete the Summary page showing zeros for receipts and disbursements.

NOTE: Paper filers that had no transactions to report will submit the Cover page and Summary page which will show the same beginning and ending balance.

NOTE: Any committee that will not, in any way, support or oppose a candidate or issue on the ballot for a particular election will not have to file any reports for that election. Inform the board by filing the CF-20 Notice of Inactive Status.

D. **Additional Documentation**

Copies of documents evidencing loans received or forgiven and debts forgiven must be submitted with the report covering the period in which the transaction occurred.

Copies of campaign material must be submitted with the Post Election report. This includes brochures, palm cards, circulars, radio or TV scripts, schedules of broadcasts, letterheads, pamphlets, or other printed matters. Photos may be submitted in lieu of actual items.

Any **contribution or loan** which **exceeds** \$1,000.00, and which is received after the cut-off date for filing the 11 day Pre-Election report but before Election Day, must be reported within 24 hours of receipt. This notification must be in writing, but may be faxed to the appropriate Board. The State Board fax number is (518) 486-6627. You must contact local boards for their fax numbers. **Any contribution/loan for which you sent a 24 hour notice must also be disclosed in the Post-Election report.**

III. When Are Reports Filed?

- A. **Periodic Reports** - These reports are filed on January 15 and July 15 each year.
All committees must file Periodic Reports
- B. **Election Reports** - There are three election reports filed in connection with each Primary, General, or Special Election. These are due at the following times:
- ✓ 32 Day Pre-Election
 - ✓ 11 Day Pre-Election
 - ✓ 10 Day Post Election for Primary elections or 27 Day Post Election for General or Special Elections.

When an Opportunity to Ballot petition is filed, the subsequent Primary Election becomes a contested Primary Election and election reports must be filed.

All reports have a specific filing date and cover a specific period. The period covered is always the day after the cut-off date from the previous report to the cut-off date for the current report. The cut-off date is always 4 days before the filing date.

A disclosure report is deemed properly filed when sent by certified mail within the prescribed time.

A candidate that has no committee and does not carry over assets or liabilities from a prior election will file the 32 Day Pre-Election report as the first report regardless of when campaigning began. Candidates running their own campaigns must file the appropriate 3 election reports. If the Post Election report shows assets or liabilities remaining, the candidate must continue to file periodic reports until there are no assets or liabilities, at which point a termination report may be filed.

A committee must file a report on the first reporting period following its filing of the Designation of Treasurer and Depository Statement: For example, if a new committee forms in March, the first report is the July Periodic.

All Committees (including Party and Constituted Committees) must file Election Reports if they have supported in any way a candidate or ballot proposal.

A Constituted or Party committee that has set up a separate housekeeping account must file a housekeeping report only twice each year, on January 15 and July 15.

A committee will continue to file periodic reports until it can terminate, i.e., when it has no assets or liabilities.

If a candidate raises or spends money in an attempt to be on a ballot, but does not appear on the ballot, all receipts and disbursements in connection with that attempt must be disclosed in the next periodic report.

IV. Where are Reports and Statements filed?

Reports and Statements for the following offices are filed at the State Board of Elections:

Governor, Lt. Governor, Comptroller, Attorney General, State Senate, and State Assembly, and State Supreme Court Justice.

Reports and Statements for all other offices are filed at the appropriate county board of elections. Reports and Statements for village offices are filed with the village clerk.

Committees that are registered with the State Board of Elections will file their reports with that board electronically, unless they are exempted from electronic reporting. If these committees also support local candidates they must also file with the county board(s). They may use the electronic software to create paper reports to file locally. They must attach a cover page and the summary page as the software does not create these pages. If a committee creates paper reports using the electronic filing software, they have (in a non-state filing year) the option of sending to the State Board of Elections, electronically, each election report as they are created, or of creating a January electronic report which covers all transactions since their last state filing.

County committees file with the county board of elections. When any of their reports show support for a state candidate they must file a copy of that report with the State Board.

- a. Periodic Reports - (January and July) are filed with all boards where the committee is registered.
- b. Election Reports - When candidates who your committee supported file their election reports, you must file your reports at the same time and with the particular board or boards where those candidates filed.

Since you may need to file several copies of the same report in several locations, you may send copies. Please be sure to place an original signature on each copy. Electronic filers should file all reports with the State Board of Elections and then send printed copies to the local boards.

The mailing address is not imprinted on the forms because the State Board prints forms for all boards of elections in the state. If you support a local candidate, then you file with the county. If you support a state candidate, then you file with the state. Call 1-800-458-3453 or (518) 474-8200 for the address of the State Board or call your county board for their address.

V. Exceptions to filing requirements

- ✓ The State Board of Elections may exempt an authorized committee from the electronic filing requirements if the treasurer of that committee files a sworn statement which demonstrates that the committee does not have access to the necessary technology and that filing electronically would constitute a substantial hardship.

The filing requirements do not apply to the following:

- ✓ Newspapers or other periodicals
- ✓ Federal Candidates or Committees (President, U.S. Senate or Congress) filing with the FEC. NOTE: Committees that file with the Federal Election Commission and that contribute \$1,000.00 or less in a calendar year for state or local offices in NY State must file copies of those Federal reports with the State or with the appropriate local board of elections. If contributions will exceed \$1,000.00, then the committee is required to first register and file as any other New York political committee.
- ✓ Candidates for county committee and for delegate and alternate to a Judicial Convention who do not receive or spend more than \$50.00.
- ✓ Any candidate in an uncontested primary. (Monies received or spent shall be disclosed in the first general election report filed.)
- ✓ Candidates/committees solely supporting one candidate for public office in towns, cities, or villages having a population under 10,000 where the candidate/committee does not raise or spend in excess of \$1,000.00.
- ✓ A committee formed solely to support or oppose a ballot issue and that does not raise or spend over \$100.00.

VI. Penalties

The maximum penalty for failing to file a statement is \$500.00. This penalty is recoverable in a judicial proceeding brought by the County or State Board of Elections.

Any person who willfully and knowingly violates the filing provisions or contribution limits may be guilty of a misdemeanor.

VII. Duties of Treasurers

- A. The Committee Designation of Treasurer and Depository must be filed prior to receiving or expending funds.
- B. Only the treasurer and the individuals so authorized by the committee's registration statement may sign checks drawn on the committee depository.
- C. The treasurer is legally responsible for filing all committee reports. Paper reports must contain an original signature (please sign in blue ink). Treasurers filing electronically will be required to submit a statement verifying the truth and accuracy of the information contained in their reports. This verification will need to be submitted with each report.
- D. Receipts and disbursements in excess of \$100.00 may not be in cash.
- E. A treasurer shall keep detailed bound accounts of all receipts, transfers, loans, liabilities, contributions, and expenditures (including copies of reports filed) for a period of five years.
- F. A treasurer wishing to resign must submit a letter of resignation to the appropriate board of elections together with a resignation report. This report will include all transactions up to the date of resignation and must be submitted within five days of the effective date of resignation.
- G. Upon the effective date of resignation, or upon the death of the treasurer, no member of the committee may receive or expend funds until a new treasurer is chosen and an amended registration is filed.

VIII. Miscellaneous Items

Attribution of Campaign Advertisements - New York State Election Law does not require the sponsor's or payor's name to be on any political advertisements. If the ad refers to a Federal candidate the Federal Election Commission (FEC) may impose such a requirement. Federal Communication Commission rules, or Radio and TV stations themselves, may impose that requirement on Radio or TV advertisements.

Fundraisers - The price at which you sell a ticket to a campaign event is the amount that is reported as a contribution received. Expenses are not subtracted from the ticket price. If you purchase a ticket to a campaign event, the cost is reported as a political contribution to the sponsoring committee on Schedule F. If the payment is from a candidate committee to a Party committee it is a transfer rather than a contribution.

Solicitations - Section 6113 of the Internal Revenue Code requires all solicitations for political purposes to contain an express statement that political contributions are not tax deductible as charitable contributions.

Auctions - Items received for an auction must be reported as In-Kind contributions at fair market value. The entire amount received for an item will then be reported as a contribution on Schedule A, B or C.

Political Clubs - A political club is not exempt from the definition of a political committee. Depending upon the nature of its activities, it may or may not be a political committee. Consult your county board or the State Board to identify your particular status.

Party Funds - Party funds may not be used in support of any candidate in a primary election.

Allocating Expenses - Party committees, constituted committees and authorized multi-candidate committees are required to allocate campaign expenses among the candidates they support. **(These amounts must be aggregated for the campaign cycle)** Paper filers include this information where indicated on the Status Report. Electronic Filers need to create and complete Schedule R. For additional information, please refer to page 55 of this Handbook.

Outstanding Liabilities - Whenever you have received goods or services for which you have not yet paid, there exists an outstanding liability. If you received the goods and services along with an invoice, then report the invoiced amount on Schedule N. If you received the goods or services and no invoice, then report an estimated amount on Schedule N.

Subcontractors - If you pay a person or entity, such as a consultant, to act on your behalf, and that entity subcontracts out for finished goods or services from a single subcontractor in an amount which exceeds either \$10,000 in the case of a statewide race or \$5,000 in the case of any other race, you must report that subcontract information on Schedule O. However, you may wait until the post election filing to report it.

INVESTMENTS/LOANS MADE

The following instructions describe the procedures to be followed when investing committee funds or making loans:

Investments - An investment occurs when you take cash from your checking account (depository) and place it in a potential income producing instrument. You will not show an investment as a disbursement of funds, nor should you show the return of principle as income. You will show interest or income earned as other receipts. Losses on investments will be shown as a campaign expense, citing the check number of the original investment. When you make an investment, you must disclose the details in an attachment filed with the report covering the period in which the investment was made.

Loans Made - As with an investment, we consider campaign funds loaned to another entity to still be an asset of your campaign. Therefore, you will not show the disbursement or receipt of the principal amount. You will show interest income under other receipts and if the lendee defaults on all or any part of the loan, or if you forgive the loan or any part, that amount will be shown on Schedule F as a political contribution or other expense as the case may be. You must provide in an attachment, with the report covering the period in which the loan was made, the details of the loan, and the purpose of the loan.

Remember, you may not convert campaign funds to a personal use. Investments or loans made must not be for personal gain.

IX. Contribution and Receipt Limitations

What is a contributor? A contributor may be an individual, a corporation, another candidate's political committee, an unincorporated union or trade organization, a PAC or any other entity such as a League or association.

A limited liability company is treated as an individual. **Sole proprietors' contributions are from the owner and must be listed as such.** Partnership contributions are contributions from the partners individually, but they are not listed individually until the partnership contribution exceeds \$2500. Then complete Schedule O. **With no other information available, checks drawn on a joint account are assumed given by the signatory.**

The funds of a candidate and the spouse of the candidate spent on the campaign are not contributions and are not limited. They must be reported, however.

The New York State Election Law places aggregate calendar year limits on the amount of political contributions that can be made by **individuals and corporations** to New York State candidates and committees, as follows:

- An individual may contribute up to a total of \$150,000.00 in a calendar year.
- A corporation may contribute up to a total of \$5,000.00 in a calendar year.

Each affiliated or subsidiary corporation, if a separate legal entity, has its own limit.

No other type of contributor has an aggregate calendar year limit on its contributions.

Notwithstanding the above, no individual, corporation, or other contributor may give more to a candidate or a candidate's authorized political committee(s) than an amount determined under the law for the office sought by the candidate. This is called the **election limit**. This amount is the maximum that the candidate may receive from any one contributor during the campaign cycle for the particular election.

For some offices, the law requires a formula be used to determine the limit. In those cases, you should contact the board of elections where the candidate files their reports to find out the limits.

Each Primary, General or Special election campaign has its own limit. Therefore, contributors may give up to the limit for each election in which the candidate participates. Candidates and committee treasurers must ensure that the election limits are not exceeded and that those funds are spent only for the election to which they pertain unless they were surplus funds left over from a prior election.

The election limit for family members is an aggregate limit from all the candidate's family (defined as a child, parent, grandparent, brother and sister and the spouse's of those persons).

The following charts set forth the maximum election limits that may be received by a candidate for a particular office. Column A represents the amount that can be received from any non-family contributor and Column B represents the amount that can be received from the family.

Column A		Column B	
Office	Election	Non-Family Limit	Family Limit
Statewide	Primary	Total number of enrolled voters in the candidate's party in the state x \$0.005.*	Total number of enrolled voters in the candidate's party in the state x \$0.025.
	General	Any amount up to \$30,700.	Total number of registered voters in the state x \$0.025.
NYS Senate	Primary	\$4,900	\$0.25 x enrolled voters in candidate's district and party but at least \$20,000, and no more than \$100,000.
	General	\$7,700	\$0.25 x registered voters in district but at least \$20,000, and no more than \$100,000.
NYS Assembly	Primary	\$3,100	\$0.25 x enrolled voters in candidate's district & party but at least \$12,500, and no more than \$100,000.
	General	\$3,100	\$0.25 x registered voters in district but at least \$12,500, and no more than \$100,000.
NYC Offices of Mayor, Public Advocate, and Comptroller	Primary	Total number of enrolled voters in candidate's party in the city x \$0.05*	\$0.25 x enrolled voters in candidate's party in the city but at least \$1,250, and no more than \$100,000.
	General	Any amount up to \$30,700.	\$0.25 x registered voter in the city but at least \$1,250, and no more than \$100,000.

* The formula amount up to \$14,700, but at least \$4,900.

NOTE: Candidates opting into the NYC Public Financing program should check with that Public Finance Board for further limitations.

Column A		Column B	
Office	Election	Non-Family Limit	Family Limit
Other Public Offices	Primary	\$0.05 x enrolled voters in candidate's party & district but at least \$1,000, with a maximum of \$50,000.	\$0.25 x enrolled voters in candidate's party & district but at least \$1,250, and no more than \$100,000.
	General	\$0.05 x registered voters in candidate's district but at least \$1,000, with a maximum of \$50,000.	\$0.25 x registered voter in candidate's district but at least \$1,250, and no more than \$100,000.

The general election limit applies to Special elections as well.

Please remember that these limits are for the entire election cycle. Generally, the Election Cycle is either two or four years. Where the limit exceeds \$5,000.00, a corporation is still restricted to its limit of \$5,000.00 in a calendar year. But, it may give during each year of the election up to the lesser of its or the candidate's limit.

The person making a contribution, as well as the person receiving it, are responsible to ensure that the limits are not exceeded.

- ✓ The contribution limit for family members is an aggregate limit from all the candidate's family members (defined as a child, parent, grandparent, brother and sister and the spouse's of those persons.)
- ✓ Ballot Issues - There are no limits on contributions for ballot issues.
- ✓ Party or constituted committees - these committees may receive no more than \$76,500 from any individual contributor in a calendar year and up to \$5,000 from a corporation.
- ✓ Housekeeping - there are no limits on contributions to a Party or Constituted committee for Housekeeping expenses.

Unless otherwise designated in writing, a contribution is deemed attributable to the very next election in which the candidate participates. Contributions allocated to prior campaigns (to pay outstanding debts) must remain within the limits applicable to that election.

SECTION TWO

X. Committee Designation of Treasurer and Depository-CF-02

1. This statement must be filed prior to receiving or expending any funds, and within 5 days after the selection of the treasurer and depository. The depository must be authorized to do business in New York.

2. List in Section A candidates in whose election the committee has been authorized to take part and in Section B those candidates in whose election the committee is taking part without specific authorization from the candidates. This means that the candidate has affirmatively acknowledged that you will be raising and spending money on their behalf. In other words, the Authorization is decided by the candidate. The mere fact that the candidate knows that you are conducting campaign activity on their behalf does not mean that you are an Authorized committee.

3. This statement must be notarized and contain the original signature of the treasurer.
4. This form is required to be filed prior to the first election to which it relates, and will remain in effect for each subsequent election. However, if any information provided on the form changes, other than the year of election, you must file an amended statement.

3. It provides the date of the election, the candidate's name, address, telephone number, office sought (Governor, Senator, etc), district # (e.g. 43rd Assembly), and party, if affiliated.
4. It also provides the authorized committee's name and the name and address of the treasurer.
5. This statement must be notarized and contain an original signature.
6. This statement also provides for the voluntary submission of the Candidate's Social Security number. This will enable us to more precisely identify those persons who fail to comply with campaign finance filing requirements. Disclosure is voluntary. There is no penalty for failure to do so.
7. A **new** statement must be filed by the candidate if any information other than the year of election changes.

☐ I state that I am a candidate or a treasurer of an authorized committee which supports only one candidate, and at the close of this reporting period neither the total receipts nor the total expenditures of this campaign have exceeded one thousand dollars.

If you qualify to file an In-Lieu-statement, check the box and complete the verification section. You must not complete any other schedules. You qualify to file an In-Lieu-of Statement if you are a candidate and/or any authorized committee(s) solely supporting the candidate and if, at the close of the reporting period for which such statement would be required, neither the total receipts nor the total expenditures of the campaign have exceeded \$1,000. If you have previously filed an In-Lieu-of statement and find that you now exceed this threshold, you must file an itemized report covering all transactions since the beginning of the campaign. Once an itemized statement is required, you may not file In-Lieu of statements for future reporting.

EXPENDITURE/PAYMENTS Schedule F

ATTENTION CAMPAIGN FINANCIAL DISCLOSURE FILERS

During the course of committee/candidate financial disclosure statement reviews, the New York State Board of Elections sends numerous letters for clarification of Schedule F transactions. To help ensure that Schedule F is submitted completely and correctly, the Board has redefined the Schedule F codes and provided examples to illustrate correct usage of these codes and proper completion of Schedule F.

Schedule F is used to report all disbursements made in connection with a campaign, other than loan repayments, refunds of contributions and transfers out. The law requires, in addition to other information, that a clearly stated purpose be provided. For the purpose of saving space and to provide some uniformity, the State Board of Elections developed expenditure/payment codes to be used on **Schedule F**.

The codes listed on **Schedule F** are the ONLY ones to be used. Failure to provide a code will result in correspondence from this Board. Following are the codes authorized for use on **Schedule F**, the definition of the code, and examples of the expenses for which you would use a particular code.

Sometimes a particular expense may fit into more than one code. You should use the code most representative of the expense. For example: You purchase stamps for day to day correspondence, bills, etc. This would be listed as POSTA. However, when you purchase stamps for a mass mailing to voters or contributors, that would most properly be reported as CMAIL. You should list an item only under one code.

The following pages and examples will:

- (1) review and further explain the proper codes to use when identifying a committee's expenses; and
- (2) explain the proper reporting method for the reimbursement of individuals or the making of payments to credit card companies for campaign expenses.

REIMBURSEMENTS TO INDIVIDUALS OR CREDIT CARDS:

A major problem that many filers encounter is how to correctly report a payment when it is to reimburse an individual for expenditures (s)he made to a vendor on behalf of the campaign. A similar problem occurs when payments are made for campaign expenses via credit card. **We expect that payments to persons are for personal services (wages fees, and/or stipends for work they performed for the campaign).** If you are reimbursing a person for non-personal services for something (s)he purchased for the campaign, from a vendor, then you must report the transaction as in the following example:

YOU SHOULD REPORT A REIMBURSEMENT TO A PERSON AS FOLLOWS:

FIRST ENTRY:

Instructions for Summary and Status Page

A. Summary Page

After all detail schedules have been completed, you must then complete the summary. Each line on this summary will contain the total from the corresponding detail schedule in the report, except Line 6B.

Complete the heading of the Summary Page

Line 1 reflects your opening balance. This will be zero on the first report for a new candidate or committee. It will then be the ending balance on your previous report for any active filer.

Line 2a thru 2d will reflect any contributions from Schedules A through D of this report (2d, in-kind contribution total must be included on line 6b.)

Line 2e will be the total of 2a through 2d.

Line 3a through 3e will reflect other receipts from Schedules E, G, I, L or P, as appropriate.

Line 3f will be the total of lines 3a through 3e.

Line 4 will be the total of lines 2e and 3f.

Line 5 will be the total of lines 1 and 4.

Lines 6a through 6f will reflect the totals from the appropriate detail schedules.

Line 6a reflects the amount entered in Box 3, Schedule F.

Line 6b is an offset entry. (Place Schedule D total here)

Line 6c through 6f will reflect the totals from Schedules H,J,M or Q, as appropriate.

Line 6g will be the total of lines 6a through 6f.

Line 7 equals line 5 minus line 6g. This should never be negative.

B. Status Reports - Paper Filers

Complete the heading of the Status Report

Each report filed during a campaign cycle should list those contributions received and campaign expenses incurred for a particular reporting period.(lines 8a and 9a), as well as aggregate to date totals for either the calendar year or campaign cycle as described below.

The purpose of the Status of Contributions and Status of Campaign Expense schedules is to enable one to examine the last report filed and to be able to determine the cumulative, to date amounts of all contributions and expenses for the campaign cycle.

Campaign Cycle

The campaign cycle is the period between elections for a particular office wherein a candidate or committee raises or spends money for the next election to that office.

Contribution limits are imposed for the campaign cycle.

Example: A State Senate election is held every two years and is therefore a two year campaign cycle. The Gubernatorial election is held every four years and is therefore a four year campaign cycle.

The campaign cycle generally begins in January following the last election for that office. The next July periodic report (covering the period from January 12 through July 11 in the year following the last election) will be the first report for the new campaign. On this report you would **not** carry forward the line 8a and line 9a amounts from prior reports.

Due to factors such as debt remaining from a prior campaign, or when a new candidate begins to seek office during the middle of the period, the first report for the campaign cycle may vary.

If you need help determining which is your first report please call 1-800-458-3453 or (518) 474-8200.

PACs and Party committees and the campaign cycle

Due to their nature and to the number of different elections in which PACs and Party committees are involved, these entities may be reporting activity for several cycles on any given report. Unless they submitted separate reports for each candidate supported, which would be unduly burdensome, it is difficult to complete the status schedules on a campaign cycle basis.

Therefore, these entities will complete the Status of Contribution schedules on an annual basis. Also, Party committees will complete the Status of Expense schedule (not required of PACs) on an annual basis.

Each year, the July report will be the first report and the report of January next will be the final report.

Status of Contributions - This schedule will show all contributions received for the campaign less any contributions for the campaign that were refunded.

Line 8a is completed on your second through final reports for the campaign cycle (Calendar year for PACs and Party committees) by bringing forward the total from line 8e of your previous report.

Status of Campaign Expenses - This schedule will show all expenses paid for the campaign plus outstanding liabilities incurred for this campaign less any refunds received that were previously expended for the current campaign.

Line 9a is completed on your second through final reports for the campaign cycle (Calendar year for Party committees) by bringing forward the total from line 9f of your previous report.

Line 9i Allocation Section - The purpose of this section is to show the total costs expended on behalf of particular candidates for a particular election campaign. All committees supporting multiple candidates must allocate campaign expenses among the candidates it supports according to the relative benefit each candidate received from the expenditures.

Remember, candidates generally have either a two or four year campaign cycle.

When a committee spends its first dollar on a candidate for a particular election campaign, they list on this schedule the candidate's name, the office, the district or municipality, and the allocated amount spent for that candidate.

On each subsequent report, this information is carried forward. As the committee spends more on a candidate, the amount will be increased accordingly.

After having reported the total spent on a candidate for a particular campaign, you will no longer carry forward this information.

Status of Loans Made - This section shows the current amount of loans made outstanding and the loan activity for the period. *You must maintain support documentation of any loans made including repayments and forgiveness.*

The Status of Housekeeping Receipts and The Status of Housekeeping Expenses aggregate these items for the calendar year. These are used only by party and constituted committees.
